

Chapter 126.

North Carolina Human Resources Act.

Article 1.

State Human Resources System Established.

§ 126-1. Purpose of Chapter; application to local employees.

It is the intent and purpose of this Chapter to establish for the government of the State a system of personnel administration under the Governor, based on accepted principles of personnel administration and applying the best methods as evolved in government and industry. It is also the intent of this Chapter that this system of personnel administration shall apply to local employees paid entirely or in part from federal funds, except to the extent that local governing boards are authorized by this Chapter to establish local rules, local pay plans, and local personnel systems. It is also the intent of this Chapter to make provisions for a decentralized system of personnel administration, where appropriate, and without additional cost to the State, with the State Human Resources Commission as the policy and rule-making body. The Office of State Human Resources shall make recommendations for policies and rules to the Commission based on research and study in the field of personnel management, develop and administer statewide standards and criteria for good personnel management, provide training and technical assistance to all agencies, departments, and institutions, provide oversight, which includes conducting audits to monitor compliance with established State Human Resources Commission policies and rules, administer a system for implementing necessary corrective actions when the rule, standards, or criteria are not met, and serve as the central repository for State Human Resources system data. The agency, department, and institution heads shall be responsible and accountable for execution of Commission policies and rules for their employees.
